

## Jrs. Down Aurora In Second Game To Win York Title

By GEORGE HASKETT

Newmarket Redmen have done it again. Once again they are champions of the North York Lions baseball league. The Redmen annexed the junior title this year with two thrilling victories over their rivals, Aurora Lions. The locals won the opening game at the finals at Newmarket 9-8 and came up with a second victory at the Aurora town park last Thursday 5-4.

For the third consecutive year, the honors have come to Newmarket. In 1944, the Redmen walked off with the midgelet crown, in 1945 it was the juvenile championship and this year came through as the junior series winners, a record to be proud of, as most of the players have remained with the club throughout the three winning years.

To get back to the final game, staged at Aurora last Thursday, it was a thrilling struggle with Newmarket's ace, Tommy Dales, besting Aurora mound star Lefty Andrews in a tight pitchers' duel. Dales was at his best, striking out 11 of the Aurora batsmen and helping himself to two of three hits garnered by the Redmen. Andrews was also in top form, allowing only three hits, but got into difficulty by putting five of the Redmen on first with free passes. His team-mates were also guilty of four errors against two of the Redmen.

It wasn't until the third that Aurora dented the score sheet. They got their first run in this chapter, getting three of their five hits, Loring Doolittle, Bill McChes and Smith punching out singles with Doolittle romping home with a run.

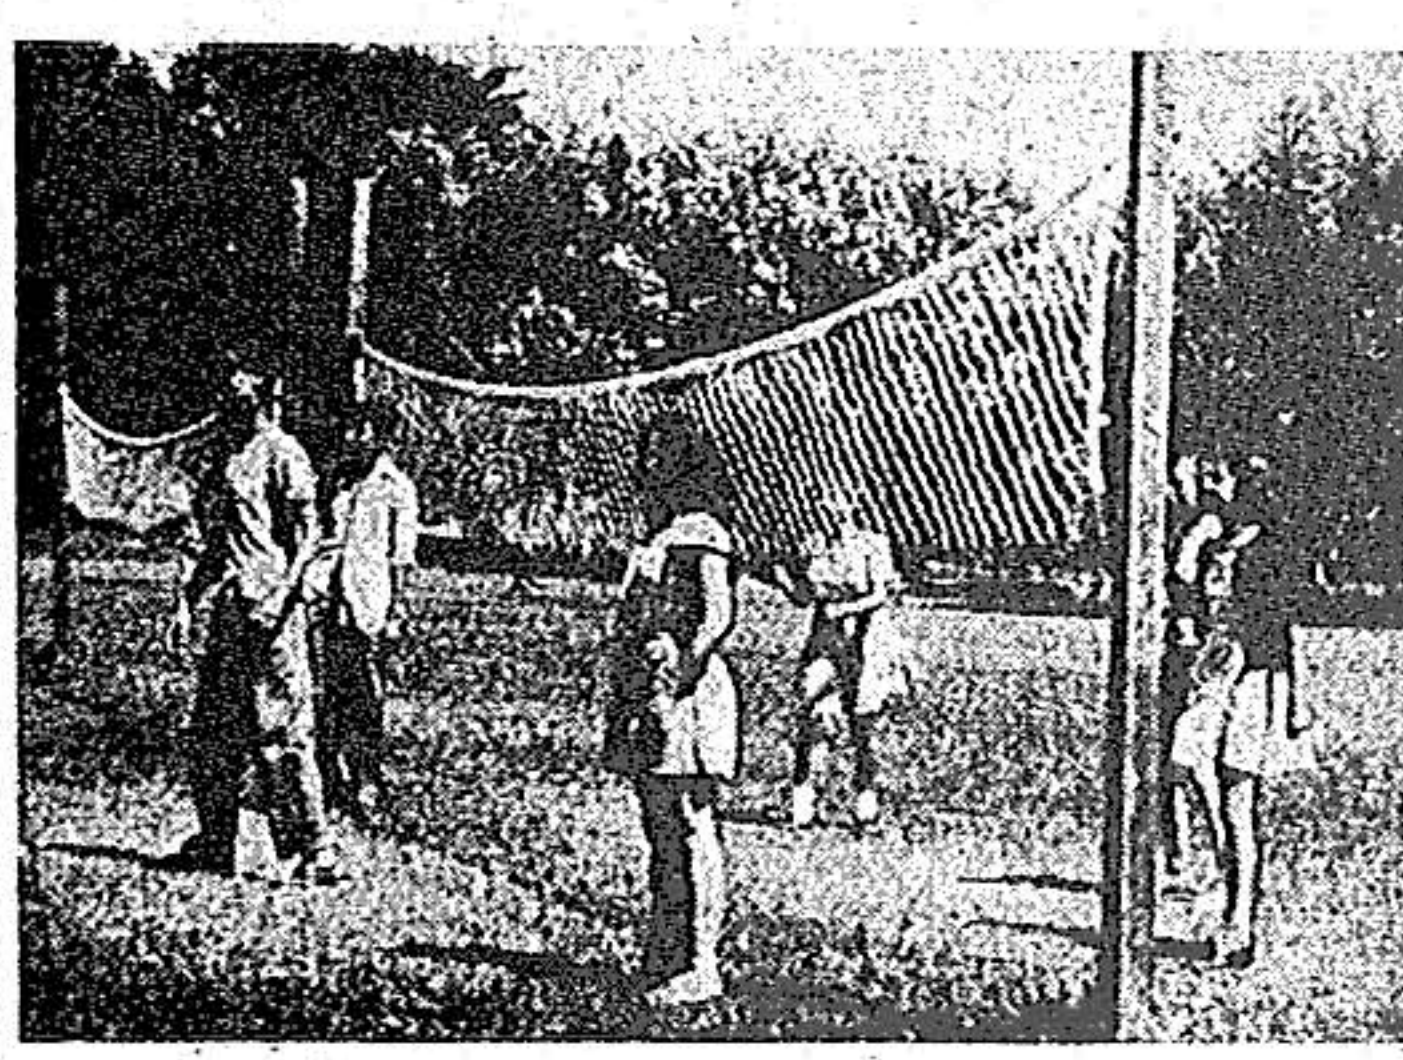

Newmarket's big innings was the sixth. Left Fielder Bill Johnston singled to lead off the attack, McTavish going out, third to first, Johnston moving to second, Ken Thoms then walked. Johnston and Thoms galloped home when Dales' grounder got through the Aurora infield. Dales scored run number three when Brown's hard hit roller got away from Ron Simmons at second.

Aurora came very close to tying up the game in their turn in the seventh. Newmarket was holding a 5-1 advantage at this stage. An error put Smith on board and when McDonald and Gar Doolittle walked the sacks were loaded with two out. Ron Simmons came through with a clean single to score three runs. Dales then got the third out forcing Loring Doolittle to ground out, pitcher to first. Aurora went down fighting and Manager Bill Holloway's charges are to be congratulated on their battling finish.

For Newmarket, Dales got the first star and Bill Johnston the second for two brilliant running catches that looked like sure fire hits. The rest of the squad played heads up ball throughout the semi-final and final series and are worthy champions. Newmarket line-up: Stan Wingler, Tom Dales, Grant Blight, Red Palmateer, Jim Rutledge, John McTavish, Don Brown, Ken Thoms, Bill Johnston.

Aurora line-up: N. Sutton, Gar Doolittle, Don Simmons, L. Doolittle, A. Kyle, B. McGhee, Smith, McDonald, Andrews.

Umpires: Bob Bell, Bob Peters and J. Brown.

The Lions club park is used as a supervised playground by grade children each week-day afternoon under the sponsorship of the Newmarket Lions club. ## East Gwillimbury Urges Town Action On Sewage

The East Gwillimbury township council passed the following resolution at its regular meeting Saturday:

"Whereas the Holland River has become polluted by the sewage from the town of Newmarket and the Davis Leather Co. tannery,

"And whereas many complaints have come from the village of Holland Landing and residents along the river that the river is not fit for cattle to drink nor children to bathe in, and the disagreeable odor is undesirable,

"Be it resolved that the East Gwillimbury board of health appeal to the town of Newmarket, the Davis Leather Co. and the Collis Leather Co. in Aurora to establish disposal plants in the near future."

"There is always a general agitation during the summer about the condition of Holland River," said the township clerk, J. L. Smith. "With the river down because of a dry year, the feeling has been stronger along the river, particularly at Holland Landing where there is a considerable real estate development."

"It is not the intention of the council to make an issue out of it or to cause hard feeling but the members of the council feel that something must be done and have used this resolution as a means of drawing the matter to the attention of the Newmarket town council," Mr. Smith said.

## Agreement Signed, Military Camp Now Property Of Town

A wire was received from the War Assets Corporation in Newmarket this morning notifying the town that the agreements for the purchase of the military camp by the town had been signed by the corporation and the property is now owned by Newmarket.

Commenting on the wire, Mayor Dr. L. W. Dales said it "was an historic event". He paid tribute to a former mayor, Dr. S. J. Boyd, and his council, which had been instrumental in having the camp located here at the beginning of the war.

"Dr. Boyd's far-sighted policy has paid dividends during the war and has now enabled us to put the property to further use in providing a housing development and industrial location for Newmarket."

He said the industrial committee of the council deserved the praise of every citizen for the manner in which it worked to get the camp property for the town. "The plan of the industrial committee of having a housing development started on the camp property was hailed by government officials as the most advanced in the dominion," Dr. Dales said.

## PASS HOUSING SCHEME

The Newmarket town council Tuesday night completed arrangements with John W. Bowser, Aurora Building Co., to build 36 houses on the former Stickwood property which was purchased by the town from the War Assets Corporation as part of the camp property.

The agreement between Mr. Bowser and the town of Newmarket for the erection of the houses takes the form of a by-law. Now that the agreement has been formally made, it is expected that Newmarket will have early possession of the property and Mr. Bowser will be able to begin work.

Highlights of the agreement between the town and Mr. Bowser as contained in the by-law are: 36 houses will be built by the end of 1947; if Mr. Bowser has possession of the property before September, ten houses will be built by the end of next January; if possession after September but before February, all houses will be erected by the end of the year; if no possession before February, the agreement is cancelled.

A penalty of \$500 for each house not completed will apply in event of failure to complete the contract for any other cause than material shortages.

Under the terms of the by-law, an effort will be made by the town to bring the building plan under the integrated housing scheme which provides building material priorities in return for preference for veterans for one year, and for the provision of terms for the veterans. If the building is not done under such a scheme, Mr. Bowser has agreed to give veterans preference in the purchase of the homes for 60 days.

The Stickwood property is costing the town \$24,018 and is being sold to Mr. Bowser at \$25,500, the difference in price covering the expenses of trips to Montreal by councillors to arrange the purchase.

## Smith Tags Fly Foul To Maintain 6-5 Lead

By ORVILLE GANTON

With the weather threatening rain, the crowd threatening the umpire and Thornhill threatening to score, Mickey Smith fought his way into the crowd back of first base to snare Mequis' foul fly and hold a 6-5 lead over Thornhill to end one of the most exciting games seen at the ball yard for some time. Thornhill trotted out Bennett for mound duty and the old maestro showed he is still a very smooth and heady workman.

Stepak's double and Stan Evans' home run gave our troops a two-run lead until the fourth when the Hillbills bunched four hits and a walk for three runs and the lead. In Newmarket's end of the fourth Fred Evans kept the home run monopoly in the Evans' clan by belting one beyond the blue. Coach McDonald then-briefed Legge and Stepak to hunt and these with Smith's single and VanZant's perfectly placed hit over third accounted for three runs. In the fifth Stan Evans' hit to force Mair at second and then raced home on Cousin Fred's timely single. With the score 6-4 in the seventh, Harvey Gibney dropped his first fly ball since 1897, putting Bennett on base where he was able to score on Hodginson's ringing double. With the tying run on third and Thornhill fighting tooth and nail, VanZant coolly fanned Lake and forced Mequis to fly out to Smith.

It was a fast, crowd pleasing game. Mair and Fred Evans were in rare form and pulled off some pretty fielding plays. Stan Evans and Gibney cut down base runners with accurate pegging. Thornhill played a solid ball and

## Vets Come Out On Top In Mount Albert Contest

SHIP BY AIR

The first export shipment of Canadian cattle ever made by air left Malton airport, near Toronto, on Aug. 1 for Cuba and Puerto Rico. It consisted of eight purebred Holstein bulls, seven of them purchased by the Cuban minister of agriculture, and the eighth by a private breeder in Puerto Rico. Three of the bulls were secured from York county breeders, one each from Roy Barker, Woodbridge; Win. Clarkson and son, Weston; and E. M. Wardlaw, Kleinburg.

On Monday, the veterans' mushballers won the Mount Albert legion's tournament and the George Alliston Trophy. They defeated Aurora 11-4, R.C.A.F. 5-4 and Sutton, in the final, 6-1. Aurora and Sutton were easily disposed with, but the R.C.A.F., a senior city club, threw a scare into the McDonald camp. They took a 2-0 lead and were not overhauled until the last inning. In the extra innings, consecutive hits by Gibney, Stepak, Mair and Smith produced two runs to win 5-4.

VanZant pitched the whole set and got better as he went along. The boys were getting more power in their hitting than usual. Mair, Smith and Legge had homers. Harvey Gibney pulled the nearest fielding trick of the day. He took off to intercept a line drive, crashed in a belly landing and finished up with the ball lodged in the crook of his arm. Mickey Smith brought the crowd up when he shifted in very fast to catch a foul fly that bounded from May's glove.

Mount Albert legion deserve credit for the manner in which they handled the tournament and the teams for their fine sportsmanship. The Alliston Trophy, a beautiful piece, was presented to Coach McDonald, smiling as happily as a schoolboy, in the evening during the grand draw. On the next draw following the presentation, "Mickey" Smith won \$25 in cash.

Lansing, with "Cannonball" Hunter, will attempt to lower the vets' colors in a regular league game here this evening.

## Legion Asks Use Of Huts For Meetings, Clubrooms

PLAY TONIGHT

The league-leading Newmarket Veterans play Lansing here tonight at the Stuart Scott school grounds. The Vets have met Lansing twice before, defeating the club both times. Lansing is in second place. Bill VanZant will be pitching and making an extra effort to get his 25th win. Game starts at 7 p.m.

The Newmarket town council Tuesday night told a deputation from the Canadian Legion that the council is favorably inclined towards letting the legion use one of the huts at the camp for a meeting place and asked the deputation to bring their plans before the council at the next meeting for final consideration.

Appearing for the legion were the president, K. M. R. Stiver, and Gordon Ough, Ernest McCaffrey and Aubrey Seythes. The deputation asked that it be granted the use of two huts since one was not large enough for the legion membership. "We thought we could join them by building an addition between the two huts," said Mr. Seythes. The huts sought by the legion are on the east and south-east side of the officers' compound.

It was pointed out by Reeve Arthur D. Evans that there are two veterans' organizations in Newmarket. "Would your facilities be open to the other veterans' groups?" asked Mayor Dr. L. W. Dales. "Certainly," said Mr. Stiver. Pressed for a definite answer, Dr. Dales said that as mayor, he was in favor of granting the use of one of the huts.

The deputation was asked to return with plans for alterations to the next council meeting for a final answer. It was pointed out by Mr. Stiver that the legion did not wish a title to the building, just the use of it.

## ARRIVES ON LETITIA

Among the war brides expected to arrive in Canada on the S. S. Letitia recently was Mrs. Hilda Hodgins, wife of Pte. H. M. Hodgins, Newmarket.

## GIRLS' SOFTBALL FRIDAY

There will be a "pick-up" girls' softball game at the Stuart Scott school grounds Friday evening at 7 p.m. for girls 14 years and older.

## Parents To See Children Vie In Sports At Park

Friday night will be parents' night at the Lions club park when the children who have been participating in the program there during the afternoon, under the supervision of Mickey Smith and Scotty Mair, will put on sports events for their families.

Mr. Smith said that there will be a baseball series, cricket, base-running, as well as other sport events. The children start at 4 p.m. building contest this afternoon and Mr. Smith is

W.I. PICNIC

The Newmarket W.I. will hold its annual picnic on Thursday afternoon, Aug. 15, at the Lions club park.

## Free Methodists Have Picnic At Midhurst

"A perfect day," and "a grand spot" were the remarks heard Monday at Springwater Park, Midhurst, where the members and friends of the Newmarket and Orillia Free Methodist Sunday-schools held a joint picnic.

Games suitable for all ages were arranged. The children especially enjoyed the copper and peanut scrambles. Those who did not care to play ball or enter the games, found entertainment in exploring the beautiful spots of the park.

Sandwiches, cakes, pies, ice-cream and watermelon which were bountifully provided by the luncheon committees, were thoroughly enjoyed. All joined in a sing-song before climbing into the buses and cars for home, tired but happy.

## BEGIN OPEN DOUBLES

The Newmarket Lawn Bowling club open men's doubles tournament will be bowled next Monday night at the Newmarket greens. Play starts at 7 p.m. There will be three ten-end games. H. J. Luck will accept entries. He may be reached by phoning Newmarket 114.

## Newmarket Said Not Able To Run Own House Scheme

In a statement before presenting the by-law covering the agreement between John W. Bowser, and the Newmarket town council for the erection of 36 houses on the Stickwood property, at a special meeting of the Newmarket town council Tuesday night, Councillor Joseph Vale said that while there was unanimity regarding the purchase of the camp property, no one seemed to realize the problems involved in making the best use of the property.

"Obviously, the buildings could best be used in providing housing," Mr. Vale continued. "But it would have been folly for the town of Newmarket to undertake a housing program. We haven't the staff, nor the knowledge to embark on such a project. We would have been obliged to finance the purchasing of the homes which would have meant setting up a separate office. Even had these difficulties been overcome, there was still the problem of materials which we would have failed to get when experienced contractors would have been successful."

Mr. Vale said that in view of these considerations, he would not have gone through with the purchase of the Stickwood property by the town unless a private constructor could be found to take it over and do the actual building and financing. "It was felt that J. W. Bowser was best fitted for the job and he agreed to build the homes on the property, to sell them for not more than \$5,000 and to give veterans preference."

## MORE ON SWIMMING POOL

The main purpose of the swimming program operated at Lake Wilcox by the Newmarket Community Recreation Council is to teach as many children as possible how to swim. When polled earlier in the year, it was found that the majority of Newmarket grade school children did not know how to swim. This fact, as well as the proximity to Newmarket of large bodies of water, made the expenditure of upwards of \$1,200 by the recreation council in the provision of swimming instruction a necessary and immediate consideration.

Members of the executive of the recreation council are aware that \$1,200 would be a sizable down-payment on a swimming pool for Newmarket. They felt, however, that as desirable as a swimming pool would be in Newmarket, the provision of swimming instruction now for non-swimming grade school children was of first importance. It is to be expected that the recreation council must continue to spend a like amount each year to take children to Lake Wilcox until suitable swimming facilities are provided in town. Death by drowning is a risk that no expense is too much to avert.

It has been suggested that the bed of the Bogartown creek might be widened and deepened to provide temporary swimming facilities closer to Newmarket. How satisfactory this might be is questionable. For example, would the water be clean enough? Another objection is that the cost of the project might just as well be spent on the provision of a swimming pool in town.

The Newmarket fire brigade last year announced that it intended to build a wading pool with money which was originally raised towards a swimming pool. The decision in favor of a wading pool was influenced by the need for full-time supervision of a swimming pool, not needed at a wading pool; insufficient funds for a swimming pool; and by the belief at the time the decision was announced that a wading pool could be built within a matter of months.

Since the firemen made their decision the war shortage of sprinklers has delayed construction. It would not be too late for the firemen to abandon plans for a wading pool and return to their original intention, a swimming pool. For one thing, the problem of supervision could probably be met through the recreation council. The money that the recreation council is spending taking children to Lake Wilcox might be added to the firemen's fund, and with the aid of other organizations in Newmarket, the cost of a swimming pool could easily be raised.

A swimming pool is needed in Newmarket, not only for the pleasure it would provide young and old, but because in a province so heavily watered as Ontario, knowledge of how to swim is a necessity. As a safety measure, a swimming pool in Newmarket would more than repay its cost.

## PARTY FOR VETERANS

The Newmarket town council is often scolded for not yet having had a full-dress party and presentation for all Newmarket veterans. The surrounding municipalities have had parties for their veterans, say critics, why not Newmarket? We can't help wondering if the criticism arises from misplaced civic pride instead of a genuine desire to "do something" for the veteran.

The Newmarket town council could no doubt throw a very good party for the veterans. The council has shown itself very adept at parties lately, and the one for the veterans would be the cream on the milk. As a matter of fact, the council earlier this year laid plans for such a party but were forced to cancel them when the closing of the military camp lost to the town the only facilities which could handle the large crowd. It was just as well. A party for the veterans is one undertaking which the town council should avoid.

The idea of a party has its origin in the wish of the citizens to make some concrete gesture of appreciation for what the veterans of Newmarket have accomplished in the armed services. All of us feel a full measure of gratitude towards the young men and women of Newmarket who put on His Majesty's uniform but a large number of us think that all we need to do is to have a party, give the veteran a watch or a billfold, and our debt towards them is discharged.

How completely inadequate such thinking is. The only way in which our debt to the veterans will be discharged is by making up to them those opportunities they forego when they enlisted, by seeing that they have homes, jobs, and a happier town in which to live. The town council has interested new industries in locating here, providing the veteran with a wider choice of employment. It has encouraged the veteran who has gone into business for himself in every way possible. It is negotiating to provide improved housing accommodation. Within its jurisdiction, the town council has done much to benefit the veteran, more than many municipalities.

Let the critics take note of these things and then ask themselves how they have discharged their debts. Have they helped a veteran by going out of their way to find him a place to live? Have they been tolerant of the veteran during his period of re-adjustment to civilian life? Have they supported the veterans' projects, their baseball team, their fund raising activities? If, as individuals, they have personally contributed to the welfare of veterans as well as the town council has within its jurisdiction, the veteran will indeed be well off.

Let there be a party for the veterans by all means, but let it be a celebration of a safe homecoming and nothing more. Let it be a party organized by citizens of Newmarket and attended

by all the citizens as well as the veterans. It might take the form of a picnic at the Lions Park and then there would be no trouble about seating accommodation. But whatever the form it takes, keep it what it should be: a celebration by the citizens of Newmarket for the safe return of its veterans and not a substitute for fulfilling the obligations we all owe to our fighting men.

## THINGS ARE DULL

The budget debate had an advance billing comparable to the Louis-Conn match. But the "event of the century" has been a fizzle. An exercise in futility, the Montreal Daily Star called it, and the words are appropriate. Even the criticisms of government spending by the Progressive Conservative party's financial expert, Mr. J. M. McDonnell, were couched in such sweeping generalities that they were useless.

Either the budget was perfect or the opposition wits were too dulled by government by order-in-council to mark the defects. The lack of a rip-roarin', knock 'em down and kick 'em debate has further strengthened the suspicion of the man in the street that politics aren't what the history books led him to believe, a suspicion, incidentally, which had its beginning on first hearing his representative drone over the radio.

No Don Quixote of the hustings tilts at government paternalism with the flame of a Blake, nor does a government supporter throw back the lie with a ringing pronouncement that opens the pearly gates right over the East Block. There's none of the bite, the brilliant exposition, the bitter attack, the snap and the sparkle which catch a man's ear and enlist him in a crusade.

Probably the cause of this sorry lack is the complexity of modern government. It has become so involved that a member of parliament has to rely upon experts in a dozen matters, from the fiscal policy of the Patagonians to the intricacies of radar. Experts are notoriously cautious and in their dependence upon them, the members have themselves become cautious. What is needed is another party whose members have had no experience in government, and who can go bulldozing through red tape, and the inhibitions of the experts like trout after a fly.

Such a party could ignore the shortage of lumber, labor, and plumbing, and carry on their campaign under the banner of a "house for every husband". Or, forgetful of beef prices and overseas needs, shout on high "a roast in every stew-pot". Even if its existence was short, members of such a party would shake loose some of the inhibitions which inhibit our parliamentarians and produce, for a change, the kind of rousing debate in which everyone in the country can take sides.

## What Others Think

### TWO SIDES TO PICTURE

(The Liberal, Richmond Hill)  
In view of the unprecedented industrial upheaval manifest in one form or another since the end of the war, it is probably only natural that labor, capital, government, everybody and everything associated with public affairs, should be open to more or less justified and unjustified criticism.

Criticism can and should be always constructive. Unless it is constructive, little use can be made of it, and it cannot be constructive unless those who engage in it are familiar with all sides of the subject they propose to criticize.

The dominion government, for example, is criticized for not doing something to end labor disputes that are crippling production. There are critics who would put all strikers in jail; others who would abolish capitalism and have government stage-manage the entire industrial show. Such critics are focusing their entire attention on the labor disputes that are, indeed, genuinely trying, unfortunate and costly, but they entirely overlook such equally important facts as the following:

Production of peace time goods is just now at an all time high in the dominion, and employment figures show 629,000 more people at work than in 1939. Production, employment and national income, in fact, are all at the highest levels ever recorded for peace time.

Furthermore, savings have tripled since 1939 and reached an all time peak, and individual debts have dropped from 169 million to 66 million dollars while Canada's foreign debt has dropped 400 million dollars.

Dominion government agencies are effecting a more efficient control of prices than is the case anywhere else in the world, and tax exemptions are higher in Canada than they are in any other country, with cuts in taxes since the end of the war greater than in Great Britain, the United States, Australia or New Zealand. At the present time, moreover, Canada's civil service represents 1.24 per thousand of population compared with 2.52 for the United States and 1.53 for the British government services.

These are facts, and facts are stubborn things. Every advantage thus set forth may be traced directly to action taken and policy followed by the dominion government. Could the critics of government show a better record if they were in power? And what would the critics of government do about the labor disputes on which they so exclusively focus their attention? Would they jail the men who leave their work feeling that they are entitled to higher pay or would they follow an alternative and put a communistic government in control, divesting all private individuals of the right they enjoy to conduct their business in their own way?

(Midland Free Press Herald)  
Solution of the problem of Jewish immigration into Palestine can never come so long as the United States government demands that 100,000 Jews be admitted into that distressful country while refusing to take any responsibility to protect them after they get there. That job is all left to the British, and because the latter are unwilling to provoke an Arab holy war against the Jews, there is plenty of criticism from the U.S.A. It would come with much better grace if the United States were itself willing to open its doors, as suggested rather bluntly by Ernest Bevin, or else share in keeping order in Palestine. It is cheap stuff for President Truman to seek popularity with American Jews by offering to finance Jewish immigration to Palestine, but refusing to do anything from there on but find fault with the British upon whom lies the job of keeping the Jews and the Arabs from jumping at each other's throats.

## THE COMMON ROUND

By ISABEL INGLIS COLVILLE

### DIFFICULTIES

Have you ever tried to turn the collar on one of your husband's shirts while nine cats of assorted sizes and varying degrees of evil intelligence watched you from orbs of green, amber and baby blue? No? Well, try it some day, it's an excellent remedy for worrying over the state of the world by way of a counter-irritant.

You see, the procedure is this—you sit down beside the north window where the light is good and proceed to pick out machine-made stitches, which always make one wonder, "why machines?" and after inflicting a few snips in the material, you find said material gradually leaving your lap and look up or down to see Towser—who, by the way, is trying to impersonate a Siamese cat by having a perfectly black, triangular face on a curly, grey-black body—inviting you to a tug-of-war, to the detriment of the shirt and the joy of Towser who by this time is joined by Beauty and Patch.

Fearing that a tug-of-war would finish my Song of the Shirt, I try other means and find that cats' claws and thistles are in the same category—where they let go in one place, they catch in another.

Finally, I release the bone of contention and return to my window with the feeling—why cats?—and succeed in ripping an inch, only to have the feeling that I am being hypnotized, so look up—nothing! Look down and there is Amos with his—her—two kittens glaring at me reproachfully. Said Amos—in cat language—"I couldn't find my kits in time for breakfast—where is our breakfast?" Well, as breakfast had long vanished down the throats of healthy, happy cats and as the kittens

round eyes were reproachful, I laid down my work and refreshed their inner man with food and their feelings with petting. Then I returned to what had been a neatly folded piece of work with a needle in it. There was a little heap of blue goods and peeping from it a small grey head, while on top of the head and the shirt, Towser pulled at the needle. I wasn't kind but I was firm and ejected the would-be sewer at one fell swoop and returned to the fray.

"Half an inch, half an inch, half an inch onward", and then—the telephone! Falling over half a dozen interested on-lookers who ran between my feet as I ran to the phone, I at last reached it. "Is that Colville's?" said a hurried voice. "Yes," I tried, to say but was cut off—"Well, that's the transport company then," I tried to say "no" but was beaten to it. "Do you hear me and see to my request?" went on the voice. "This isn't the transport people," I yelled—yes I did yell—"Then why didn't you tell me so," the voice asked heatedly. "You didn't give me a chance," said I, just as heatedly. Muttering darkly, as no doubt did the other half of the duo, I went back to find the other cats in a semi-circle round Beauty who was draped in the shirt and peeping out coyly from its mazes.

Grabbing the shirt and Beauty, I gave her a hug and concluded that it might be wiser to make a pudding and stir my disturbances into it, at any rate out of me. So ended the saga of the shirt and nine cats, but as a postscript, I'll tell you on confidence that the collar was turned, behind shut doors and away from the telephone.

## PICNICS

By GOLDEN GLOW

Civic Holiday seems to be, the most popular of all our summer play-days. The weather is usually perfect for an all-day, out-of-doors picnic, and all who can avail themselves of it try to arrange a family get-together, or a church group or a lodge or some other society choose that time for their special gala occasion. Again, others have a community celebration of one sort or another. At any rate, I think I am safe in saying it is the most popular holiday of the summer season.

Are we ever too old for picnics? I'd say a decided "no, never." If you can't have a picnic except in your own garden, or even in your own back-yard, you can still have fun if you make a few simple preparations beforehand. If you have young people they will be delighted to build an out-of-doors fireplace (what is the modern term? barbecue)—or even what we here call a "fire-tin" for burning rubbish in your back-yard. You can cut an opening and adjust a stove-pipe and a square hole below where you put in your fuel, and also to give the fire a judicious poke now and again. I forgot to say to turn it upside down, then you can cook on the top, you see.

The children can have good fun, and if what you intend to have does not need much cooking the scheme works. It is surprising how many people are eating out-of-doors these days every chance they get. You see picnic tables with benches attached on the sides in many folks' gardens—even out in the country too. Yes, farmers enjoy picnics, and that is a pleasant way to make life happier and really it isn't much trouble.

If you just go away for an afternoon picnic the long evenings with Daylight Saving Time gives you quite a few hours' sunshine and out-of-doors. There are so many delightful places for Newmarket folk to go within easy distance and if you can't go away—and if you have no back-yard, don't you worry. Just go down with your picnic basket to Lions Park.

### Unpredictable Children

Miss Joyce is just five years old, but she is quite the liveliest member of a large family which includes two older brothers, an older sister and a baby sister. All the trouble in the household is a direct result of one of Joyce's ideas. She isn't a bad child; she just has ideas that call for immediate action on her part. Many, many near disasters have been averted because someone has been on hand to stop proceedings.

The other day while the two older brothers and sister, Barbara, were at school and mother was busy downstairs with baby Sandra, Miss Joyce was playing upstairs with the cat. She was talking to her pet and reciting verses of Pussy-Cat, Pussy-Cat, Where Have You Been? Suddenly there was a commotion on the stairs. Mother arrived at the scene of action in time to see Joyce sprawling headlong down the stairs in an attempt to catch a ribbon-bedecked cat, who made a hurried escape from the house.

Joyce was dressed in older sister Barbara's best dress. She probably would have caught the cat and saved all Barbara's prettiest ribbons if she hadn't tripped in the over-size dress and ripped its hem.

Mother listened patiently to Joyce's explanation about having to wear Barbara's best dress because she was the queen and, of course, the cat had to wear all the prettiest ribbons to visit the queen, etc., etc. Then mother explained that Joyce should have asked before taking the dress, that Barbara wouldn't like the dress all ripped, and that the dress would have to be fixed before Barbara came home from school.

After quite a lengthy calm and serious discussion, mother sent Joyce upstairs to change the dress—which Joyce promptly did, with a pair of scissors. She carefully cut off the hem of the dress then promptly and proudly showed her mother how she had fixed it. That seemed to make the dress as good as new again as far as Miss Joyce was concerned; but there was a painful to-do about it just the same.

Joyce never repeats a misdemeanor so she is learning. She is learning about life the hard, though most effective way—through personal experiences. Like most children, Joyce is unpredictable in thoughts and actions. What she needs is a constant body guard until she reaches the age of discretion.

## ALCOHOL'S EFFECT ON VISION

From White Ribbon Tidings, contributed by Miss Leonora Starr, press secretary, Newmarket W.C.T.U.

In a recent investigation, it was found that the use of a small quantity of beer had a noticeable effect on adult vision. In some men, the effect may not be noticeable for ten or 15 minutes. The action of directing the gaze toward a new object is performed by every person except the blind all through his waking hours. It seems simple, but it requires the relaxing or contracting of 12 muscles of the eyeball. The effect of alcohol upon this action was tested upon six men. It was found that even one and a half hours after taking two glasses of weak beer (3.5 percent), the beginning of such movement was delayed 15 percent.

It was also found that a small quantity of alcohol had a similar slowing effect on manual skill. Six young male typists were tested at the Carnegie Institute, Washington, D.C., to discover the effect of a small quantity of alcohol upon skill. Every day they were given a flavored drink. On certain days one ounce of alcohol was added. Because of the flavor, they did not know on which days they took alcohol. The measuring instruments showed that their fingers moved more slowly, and their eyes glanced less quickly across the pages, but the quality of the work suffered more than the quantity. While the men typed fairly rapidly after taking alcohol, they made more mistakes. If 100 stood for the usual errors and speed, after alcohol the errors increased to 139 but the speed was reduced only to 97%.

This slowing up of vision and manual skill, even one and a half hours after a small dose of alcohol, means much in the use of machinery or the control of an automobile. "If you drink, don't drive."

## OTTAWA LETTER

by "Jack" Smith, M.P. North York

The industrial relations committee is continuing its daily sessions, grappling with the problem of settling the steel strike before industry in Canada is completely bogged down by the lack of materials. The committee meets in the large railway committee room and always attracts a sizable gallery. Thousands of words have been read into the records in support of the claims of employers and employees. Much good should result from this public discussion of labor relations.

Representatives of labor and industry have been heard, as well as experts in the matter of price control. The issue boils down to two opposing schools of thought. One claims that we should forget controls, let wages and prices rise until they find their own level. The other claims we should have control of wages and maintain price ceilings. Some are inconsistent and suggest we should let wages rise but still maintain ceilings on prices. It is generally agreed that high wages go to promote not only better living for our people but also general prosperity; however, some think that too great an increase in wages now would result in the collapse of price control. Labor Minister Humphrey Mitchell, a union man, always a high-wage advocate, cautions labor to go easy with wage demands for a while, at least until we pass what he terms "this critical period."

The existing strikes in motor, steel and rubber plants are playing havoc with the hopes of Canadians for an early abundant supply of new motor cars. However, we are assured that if there is an early settlement of these strikes there still may be a fairly large number of cars and trucks available this fall. Strikes have a devastating influence on our national economy. Workers suffer loss in earnings, industry suffers losses, the consumer suffers additional shortages and perhaps most serious of all, our factories lose many foreign orders which would have given many years of employment.

As a specific instance, I learned this week that as a result of strikes here in Canada, locomotive and rolling stock manufacturers have had contracts cancelled which would have kept their plants in full production for years. The same is true in the shipbuilding industry which has orders good for years of employment for delivery of small steel vessels.

The government, by proclamation, set aside October 14 as a

"day of general thanksgiving to Almighty God for the blessing with which the people of Canada have been favored this year." The proclamation said "we do hereby invite all our people of Canada to observe the said day as a day of general thanksgiving."

As the session's end nears, I repeat the invitation to the people of North York to write me here at Ottawa on any matter pertaining to federal affairs. If there is any business with any department of government in which I can be of assistance to any people of the riding I assure you I esteem it a pleasure and privilege to render every possible assistance. During the remainder of the session I hope to be home in Richmond Hill every Saturday.

## Importance of Hog Quality

TODAY, our pork, in cut and flavour, is based on English consumer preference. Nothing short of high quality lean Yorkshires seems good enough to hold a worth while export market.

The successful hog raiser will make the greatest possible use of his agricultural college and experimental station from which up-to-date, practical advice on sanitation and other important factors in profitable hog-raising can be had for the asking... a valuable service.

Another service, that of money, is offered by this Bank. Substantial Farm Improvement Loans are available to responsible farmers, with definite coverage of the hog raiser's need. If interested, we suggest that you see the manager of our nearest branch. You will find him highly co-operative.

**Summer Icecapades:** Just by way of a tonic from the sultry days and surfeit of summer sports, let's remind ourselves that it's just a mere matter of 119 days until Christmas and something like 75 days or so until the professional hockey players report to camp. Meanwhile a new high was set this month at Toronto Royals rink where the try-outs for the Scottish hockey league have been held under watchful eyes, and some 70 players of varying degrees of skill have been picked. The class of hockey to be played in Scotland this winter won't be any better than good intermediate hockey but the fans over there won't know the difference.

Among those familiar to the fans of North York, who will cross the briny to the Land of the Heather are: Lorrie Britton, who once guarded the nets for Newmarket camp but was eventually replaced by Capt. Bing Caswell; Earl McCrone, fast-skating young forward of Richmond Hill juniors the past two winters; Wally Samanski, who three years ago starred for Whitby juniors in the local junior group and later saw service with Ottawa St. Pat's and Oshawa Generals; Reg Singleton, who in the mid 40's was the leading goal scorer of the junior C group as a member of Murray Scruton's Etobicoke team; Gabby Davis and George Fox of last year's group-winning Scarborough Rangers team. These are but a few of the names generally familiar to the sports fans. The pay is fairly good, adventure beckons and a crop of boys who at best would have been confined to mercantile company are on their way. More are to follow for England and other countries, too, so for the future, our kids who aspire to a puck career can look to other fields besides the minor pro circuits.

### MAGISTRATE'S COURT SENTENCE SUSPENDED ON THEFT CHARGE

Magistrate R. P. Locke, K.C., suspended sentence on a charge of theft laid against Adam George Espaniel by Miss Gloria Johnson, Toronto, in magistrate's court in Newmarket on Friday.

Espaniel was charged with stealing articles to the value of less than \$25 from Miss Johnson's purse at Willow Beach Pavilion, Lake Wilcox.

Constable Heath Hamilton said that he had been called to Willow Beach pavilion on July 30 to investigate the theft of the articles from Miss Johnson's purse. He said that he had received a description of the accused, and was told he was employed with a construction company in King township. He said he found the accused in a restaurant and had searched him. He displayed a box of articles he found on the person of the accused, which he said had been identified by Miss Johnson at the dance pavilion later that evening. Constable Hamilton said he questioned the accused, who said he didn't know how he got them.

Miss Johnson said there was only about 35 cents in cash in her purse, which she had hung on a hook with her jacket over it. She explained that they had arrived early and no one had seen her put her purse there. She said she was accompanied by her sister and her girl friend.

Espaniel stated he was employed in construction work. He said he had been in the service for 21 months, was badly wounded while overseas and was now in receipt of a pension because of his wound. He explained that it had been raining and as they were unable to work four of them had gone to Toronto where they had attended a movie and bought some liquor which they had taken back to camp with them. When they returned to camp, they had been drinking and soon after left for the dance at Wilcox Lake.

He said they danced for a while, then started for home, stopped in a restaurant, were picked up by Constable Hamilton, taken back to Lake Wilcox, and then brought to Newmarket, where he had been held in custody. He said he did not know where or how he got the contents of the purse. The accused was defended by L. E. Howe, Toronto.

In suspending sentence, Magistrate Locke said that there was no doubt but that the influence of liquor caused a great deal of the crime in this country. He said he was impressed by the fact accused had told the truth and was taking into consideration his war record. The contents of the box were returned to Miss Johnson.

Grant Preston, Vandoni, was fined \$10 and costs or ten days for causing a disturbance and swearing at a Musselman's Lake dance hall.

Constable Heath Hamilton testified that on July 18, Preston was swearing and using vile language in the men's washroom. He said that after swearing at him inside, Preston invited him to come outside and fight. Hamilton said he was again accosted outside the dance hall and told by Preston in no uncertain terms what he thought of him. He stated he had gone in the dance hall about 9.30 and that Preston had muttered to someone that "he's off duty tonight, now's the time to get him," among other things. He stated Preston had admitted being drunk. Hamilton said he had met him again outside the dance hall and had proceeded to "cuss him down good and proper." He stated that Preston's friend had taken him away.

Preston stated he worked on a farm, that they had finished haying that day and had gone out to a hotel for a drink to celebrate. He stated his brother-in-law was with him. He stated that he had told Constable Hamilton what he thought of him because Hamilton had a personal grudge against him.

Magistrate Locke, in passing sentence, said there was too much of a tendency by the public to resent constables and police generally. He stated that there was no reason for getting drunk and interfering with police, whether they were on duty or off duty.

Gordon Cain, Zephyr, was fined \$3 including costs for failing to have a rear light on his vehicle. He pleaded guilty to the charge.

Gordon Schramm, Toronto, was fined \$3 including costs for permitting an unlicensed driver to operate his truck. The charge, to which he pleaded guilty, was laid by Constable Hamilton.

Hugh L. Hamilton, Beaverton, was fined \$20 and costs or 30 days on a charge of having liquor in his car on the 8th concession of Whitechurch.

Malcolm York, R. R. 1, Sutton, was fined \$25 and costs or 30 days for having liquor in his car at Mossington Park. Constable Foster, who laid the charge, said York said somebody in the dance hall owned the car and the liquor, but on checking with the department of highways he found York to be the

owner.

Lloyd George Fawns, R. R. 2, Uxbridge, was fined \$5 and costs for having liquor in his truck at Mossington Park. A similar charge against his brother, Jack Morley Fawns, was withdrawn by the magistrate. Constable Foster laid the charges.

A charge of fraud against Cecil Abbott and a charge of illegal possession of liquor against A. M. McNeil were remanded for one week.

The magistrate dismissed charges of careless driving against Hugh L. Grant and Jack Robinson, both of Toronto.

Don't Like Cost, Council  
Agrees New Pump Needed

Following a conference with Fred Bowden and M. E. Storey, Toronto machinery officials, on Tuesday evening, Aurora town council instructed the waterworks committee to purchase a new auxiliary gasoline pump for the waterworks at a cost not to exceed \$4,000. Deputy-Reeve Asa A. Cook and his committee are seeking to better the price of \$3,900 quoted for a new Sterling engine of latest design, but the urgency of acquiring the engine may have a bearing on their ultimate choice.

The old auxiliary engine is 30 years old and according to the reports filed, no one knows when it may fail on the job. In the water emergency of this week, it has worked well but the indications are that it has about reached its end and although the councillors expressed dissatisfaction at having to make the purchase, they saw no other alternative.

"The present price will go up 15 percent on September 30," Mr. Storey warned council. "Our firm is fortunate to have one of the type needed for the job on hand. We may not be able to get another for many months." Salvage value of the old engine was negligible, he said, except as scrap since the make was not obsolete.

"We can not afford to take a chance of having no emergency engine after this week's experience. I dislike to see the money spent but we have to protect ourselves," Deputy-Reeve Cook said. "We have never failed to meet an emergency yet, but you can't tell how long that will last with old equipment."

"While I am not in favor of heavy expenditures at this stage,

TO RETURN HOME

With the return from overseas of Sgt. A. Stephenson, Royal Canadian Dragoons, last week, only one Aurora serviceman is known to be still overseas. He is Sgt. Sam Stephenson. The two are not related, Sgt. A. Stephenson being the son of Mr. and Mrs. Harry Stephenson, Yonge St. north, and Sgt. Sam Stephenson residing on Larmont St. There were three Stephenson families in Aurora, members of which saw service in the war. Sgt. A. Stephenson had one brother on active service. A father and son combination existed in Sgt. Sam Stephenson's family, his son, Gordon, serving with the navy, while the late Sgt. Wesley Stephenson, M.M., and George Stephenson, sons of Mr. and Mrs. Arthur Stephenson, were also on service.

SEEK DEBENTURES

While tenders have not been let for the new Aurora public school nor permission of the Ontario municipal board been sought by the municipality, Toronto investment houses are already seeking to handle any debenture issues that might be issued. The matter has been referred to the finance committee to deal with when the appropriate time arrives.

JOINS FATHER

Cpl. Gordon Boaks has received his discharge and is now associated with his father, William Boaks, at the Red Indian Service Station, Yonge St. south.

Nfld. Butter 82 Cents A Lb.  
But Wages Said Higher

There are no price controls in Newfoundland says Mrs. Austin Mercer of Grand Falls, Newfoundland, who is visiting in Aurora with Mr. and Mrs. John Hudson. Mrs. Mercer has not been in Canada since before the war, and is enjoying every minute of her stay.

Prices in Newfoundland would leave the average Canadian housewife a bit bewildered, according to Mrs. Mercer. Butter costs 82 cents a pound; grade A eggs retail at \$1.05 a dozen; brown bread costs 20 cents a loaf, and white bread 16 cents a quart, and Canadian beer sells for 35 cents a pint; cooked ham costs \$1.15 a pound, roasts run from 70 cents a pound upward, with bacon at 78 cents a pound, and steak at 70 cents; gasoline sells at 42 cents a gallon and there's never been any rationing. For that matter nothing's been rationed. Cigarettes are a nickel a package cheaper than here, but American cigarettes retail at 40 cents a package.

On the other hand wages are higher generally than in Canada, says Mrs. Mercer. Her husband, who is employed in a paper mill, draws \$1.55 an hour from International Pulp and Paper. There are no strikes on, or in sight on the island. Grand Falls, a company town, is entirely owned by her husband's employers and she pays around \$24 a month for a seven-room

BINGO TUESDAY

The Aurora branch of the Canadian Legion is having a "bingo night" at the Aurora arena on Tuesday, Aug. 13. Legion officials promise a night of entertainment with the "tops in prizes".

JARVIS SHIELD  
CARRIED HOME  
BY MOLYNEAUX

For the second straight year, Larry Molyneux is the scratch champion of the Highlands Golf club. In the finals on Saturday, the former professional hockey player won the Jarvis Shield over the 36-hole route, defeating Bill Boaks, club president, and eight times club champion, six-up and five to play.

In the morning round, Molyneux was at the peak of his game, firing a neat 75 against Bill Boaks 80. In the afternoon, Boaks carded a 75 and Molyneux a 77. The morning round gave Molyneux the margin, that kept Boaks fighting from behind until the match ended on the 31 hole. The brand of golf produced by both golfers was top tight and many sensational shots were fired. Molyneux was the steadier and his putting was deadly.

In the semi-finals, Molyneux eliminated Bill Fry by a good margin, while Boaks ousted Herb Cain six up and five to play.

Play in the Dawson Cup tournament is well under way but the finals are not likely to be reached until the end of the month.

COUNTY BEAUTIES  
TO COMPETE HERE

A beauty contest open to contestants from York county, excluding Toronto, has been announced by the Aurora branch, Canadian Legion, for its big field day on Labor Day, Sept. 2. Dr. C. R. Boulding is convening the event and entries should be mailed to him by Aug. 31. A group of judges will be on hand to pick the winner.

As a new feature for the day, a grand concert will be held in the park previous to the street dance, presenting a high-class variety bill.

TO MARK DERRY DAY

Aurora Royal Black Preceptory will celebrate Derry Day on Saturday, Aug. 10, at Hamilton. Rt. Wor. Sir Kt. W. H. Taylor is an official of the Grand Black Preceptory. A bus will leave Aurora from the Orange Hall at 9.30 a.m.

ENLISTED HERE

A recent visitor to Aurora was Capt. Marie Arnott, C.W.A.C., of Mount Forest, who enlisted from Aurora in 1941 as a private and won her commission before going overseas in 1943. She returned home to Canada last month.

Cellars Flooded,  
Power Off As Town  
Hit By Bad Storm

Aurora was the target Sunday for a series of rain storms which in intensity and the amount of damage done were closely akin to cloudbursts. Rain started to fall heavily around 3 p.m. and kept up for some hours. Thunder and lightning was intermittent. Within an hour it was apparent that many cellars were going to be flooded and as the waters mounted in the town creek and tannery creek, the residents of the low area of Aurora began to experience a regular flood.

Electric power went off before Sunday evening dinner was cooked in most homes, as the culverts failed to take the heavy flow at the waterworks and water flooded four feet into the power plant, soaking the motors and transformers and causing the power to be cut.

The town's pumping system was threatened but pumping from the Nisbet wells continued and there was never any shortage of piped water. The hydro-electric employees from Richmond Hill were summoned and they did a great job in the emergency, power finally coming on shortly after 12 midnight after the town had experienced the longest blackout in its history. Restaurants kept going by candlelight and many homes were hard pressed for an emergency lamp of some kind. The Aurora fire brigade and fire engines worked hard to cope with the situation and finally cleared the pump house and electric plant of water.

Actual damage to municipal equipment is not yet known but all the motors including a new one which arrived last week and was not yet in operation have had to be sent to Toronto for drying out and reconditioning. All emergency equipment has been used to alleviate the situation but all the old equipment will be back on the job by the weekend. The new Gurnett St. extension suffered somewhat and some of the tile and culvert have to be relaid. A bridge at the waterworks was washed out and also one on Kennedy St. Repairs will be necessary to pavement on Tyler St.

A home owned by James Goulding and one by Joseph McChes were struck by lightning but little damage resulted in either case. Several large limbs of trees were blown down by the accompanying high wind, damaging some homes but no injuries were reported.

In the Tyler St. area, three or four houses had water in their cellars to the depth of about six feet and at least one was marooned for a couple of hours. The loss is not yet known but it will be heavy in most cases.

Over the hill on Tyler St., a dam on the property of Mayor Ross Linton, used as a swimming pond, broke under the pressure. Around 100 of Mr. Linton's chickens and around 400 owned by Messrs. Robertson and Zimmerman were swept away before their owners could rescue them. Loss of poultry is estimated at \$1,000. Cellars on Machell Ave. were not spared in some cases and the sewage plant was flooded but never failed to function. There were two feet of water on Yonge St. about half a mile above the town, halting traffic. Several town streets were like small streams at times as the storm sewers were taxed to capacity. Gardens, lawns and many sidewalks were flooded for a short time.

The oldest inhabitants fail to recall a storm as bad locally.

On Tuesday, as the factories came back into operation, the water supply in many parts of town showed the lowest pressure it has ever had, but by night, it had been fully restored and waterworks chairman, Deputy-Reeve Asa A. Cook, told the town council in the evening there was no shortage of water and the service was normal.

Morgan's Homer Pulls Game  
Out of Fire for Aurora

Lloyd Morgan, making his first appearance in the Aurora softball line-up in the game on Tuesday night at Aurora, pulled an "Ozark Ike" feat in the last of the seventh which saw Aurora overhaul Newmarket Vets and squeeze out an 11-10 win. Here's the picture. With one out and the tying run on base, Morgan whacked one of Art Dobbie's three and two pitches deep into left field over Myles MacInnis' head for a four-bagger that cinched the contest. It came as a surprise package for it looked as if Dobbie was going to whiff him.

The win put Aurora really back in competition in the North Yonge league and cinched a play-off spot, although the losers have the first place practically secure. Jack McDonald's boys played sporadic ball, making more errors than at any time this year, and they looked a bit tired after that Mount Albert tournament the day before. Aurora kept plugging away, practically threw the game away in the fifth and then roared into high gear as the final frame came up.

With two out, Scotty Mair banged out a homer in the first inning to open the scoring. Stan Evans and Toddy Mosier scored in the second on Gibney's double. In the last of the third, Aurora talked one, Canning drawing a walk and cantering home on Ray White's bingle. In the fifth, five lusty hits scored five counters for the Vets. In the bottom half of the same frame, Aurora got back four. Both teams gained single runs in the sixth, Newmarket added another in the first of the seventh, and it looked like another loss for Aurora as they entered the last inning four down. Emmons singled, McCarty flied out, McDonald singled, both runners going for two bases as the infield bobbed. Tidman singled them both home and went to second. Canning drove him home as the throw to first was hurried. Then along came Morgan. Tidman yielded nine hits, fanned five and walked three. Dobbie was touched for eight, struck out four and walked four. His wildness, however, put him in tough spots on occasions.

Scotty Mair led the hit parade with three for four and a fine fielding display. Mosier was also dangerous at the plate on

NAME QUARTERS HERE

The Canadian Youth Hostel Association has established an Aurora base at the home of Mrs. Dorothy Barker, Kennedy St. The Aurora town council on Tuesday approved giving the Association permission to erect an appropriate sign for young travellers at Yonge and Kennedy Sts.

PLAY MIDLAND

Midland will meet Combines in a fast, intermediate clash at Aurora arena on Friday, Aug. 9. Midland features Dalt Nesbitt of Toronto Varsity, Deschamps, Swales and others with senior experience. The game will start at 8.30 p.m. and should be one of the best of the year.

DOWN LANSING

Aurora softballers, playing their best game of the year, defeated Lansing 4-2 in Willowdale last week. Morley Cook was on the mound for Aurora and allowed three hits. He aided his own cause with a lusty triple that broke a 2-2 tie from the first inning in the sixth. Aurora added another in the seventh to end the scoring. The White brothers and Yake were prominent for Aurora, with Cochrane being the top Lansing player afield and at the plate.

WAR BRIDES HERE

War brides to arrive in the district from England in recent weeks include: Mrs. Ivan Patten, Vandorf, Mrs. Frank McGuire, Schomberg. Mrs. John Goss, Oak Ridge. All received warm welcomes.

TO ATTEND CONVENTION

Fire Chief Harry Jones will attend the firemen's convention at Timmins the latter part of this month with the municipality paying part of his expenses as in the past. The trip was approved by the town council on Tuesday.

every appearance. Emmons had two timely hits for Aurora and McDonald and Canning pulled off a couple of fielding gems. A large crowd was on hand and stayed to the end.

### SCOTT TOWNSHIP TO PRESENT RINGS TO SCOTT VETERANS

Scott township council's August meeting was held at the township hall Aug. 2. All members were present. Communications were read from Ford Lapp, school attendance report for June; Sheridan Equipment Co., offering road rollers and maintainers for sale; from medical officer of health, Dr. Wilson, objecting to dumping of rubbish on side of the highways.

The council decided to purchase 67 rings and six lockets for presentation to men and women who served in the war and to next-of-kin of those who were killed in service of their country. Reeve Bain and Councillor Miller were named as a committee to purchase the presentations.

A grant of \$100 was given the Federation of Agriculture by the council.

A by-law was passed levying taxes for the year as follows: for county purposes, .98 on \$100; school grants, .51; township general purposes, .90. As there is some uncertainty regarding high school bus and all school requisitions have not all been handed in, rates in these have been postponed for the time being.

The following accounts were passed: pay roll No. 8, labor on roads, \$139.60; N. Thompson, tractor, \$274.75; Ivan Law, power shovel, \$314; Wm. Hackner, trucking, \$312; Ivan Law, trucking, \$98; Noble's Garage, changing battery, \$2; Uxbridge township, maintainer, \$331.25;

Ross Johnson, freight and express, \$1.05; Law Motor Sales, fire and repairs, \$94.55; Ross Johnson, salary, \$83.30; Sawyer-Massey Co., links for crusher, \$4.05; Stead's store, gasoline and oil, \$105.04; Ivan Law, power mower, \$360; Gordon Rynard, 2,240 yds. gravel, \$288.80; H. Pearson, eight days county assessing, \$40; John Leckie Ltd., lifebuoys and pike for Wagner's Lake, \$21.75;

Hydro-Electric Commission, lighting township hall, \$4.05; Dr. Wilson, salary to date, \$43.75; Alex. Noble, three trips valuing, \$6; Mrs. A. Hockley, 39 meals served party on relief, \$19.50; John Galbraith, groceries supplied relief, \$6.06; Mrs. A. Lockie, milk supplied relief, \$1.30; county of Ontario, half hospitalization indigent patient, \$31.50.

The next meeting of the council will be held on Friday evening, Sept. 6.

### HOPE

Mr. and Mrs. Marshall Fairbairn and Faye spent Sunday with Miss Maud Fairbairn.

Mr. and Mrs. George Readman and Mr. Frank Readman and Mr. Clifton Readman, Orangeville, spent Sunday with Miss Amy Gibson.

Mr. and Mrs. George Broderick, Mrs. Hall and Mr. and Mrs. Cecil Taylor visited friends in Beaverton on Sunday.

Miss Lottie Tansley is spending a week's holiday with her sister, Mrs. Auley Brenair.

Mr. and Mrs. Raymond Stickwood and Kenneth spent Sunday with Mrs. Oscar Stickwood.

Mr. Overer, Kitchener, is spending some time with his son, Elmer Overer.

Mr. and Mrs. George Williams and Mr. and Mrs. Cecil Taylor were visiting Mrs. Hall and Mrs. George Broderick on Saturday.

Mr. and Mrs. Elias Gibson, Verne and Bobby spent Sunday at Mr. August Gibson's.

Neighbors and friends gathered at the home of Mrs. Jim Breen and gave Mr. and Mrs. Russell Breen a miscellaneous shower recently. They received some beautiful gifts.

### GORMLEY

Mr. and Mrs. Hedley Prout, Toronto, and grandson, Hedley Prout, Jr., Detroit, and Mr. and Mrs. Watson Moorby and children, Parkdale, recently visited the home of Mr. and Mrs. Herbert Moorby. Mr. Prout is leaving Canada via one of the big Lancaster planes on a month's business trip to the British Isles.

The Herbert Moorby family, with Mrs. Sproule and Belle, and Ross Armstrong attended the Sproule re-union, the first since the war, at Orillia Park on the Civic Holiday. Among other relatives and friends they met Mr. and Mrs. John Sproule of Windsor.

## Lightning Fells Trees, Roads Blocked, Hydro Off

Lightning struck a tall elm tree on Switzer's corner Sunday afternoon, spreading a large part of it and the top of a smaller elm over the lawn, damaging a new wire fence and cutting the hydro and telephone wires. Telephone lines on this line rang continuously for a couple of hours when the telephone man came from Stouffville. Several trees in the area were damaged by lightning and wind. One large tree near the entrance to Preston Lake held up a long line of traffic until it was taken off the road.

Considerable damage was done to the home of R. J. Carr by lightning during the storm. The shower was accompanied by hail for a few minutes. Prompt hydro and telephone men soon repaired the damage.

### PLEASANTVILLE

Mrs. Raymond Stanley returned to her home in Columbiana, Ohio, last Thursday after spending a month under the parental roof of Mr. and Mrs. E. Starr.

Mr. and Mrs. Earl Toole and family visited Stuart Taylor on Sunday at Cedar Brae. Master Stuart Toole remained for a few days' vacation.

Mr. Bob Needler, Toronto, is visiting at the home of Mr. Albert Needler.

Mr. and Mrs. Arthur Starr and two children were Sunday guests a week ago at the home of Mr. and Mrs. Marritt, Queensville.

Mr. Murray McClure accompanied his Richardson cousins of Aurora on a trip to Beaverton on Sunday.

Those who were present at church on Sunday enjoyed a splendid message from Mr. Alex. Cox, Toronto. It is expected he will be present again next Sunday.

Mrs. Doug Harrison and little George, Snowball, spent Sunday at the home of Mr. M. Sheridan.

### ANSNORVELD

Rev. J. VanderMeer officiated at the wedding of the Rev. S. Dykstra to Miss Silvia Tigheelaar of Hamilton. Rev. VanderMeer was accompanied by Mrs. VanderMeer and Johnny.

Mrs. A. Biemold and Mrs. A. Verrips attended the Dykstra-Tigheelaar wedding in Hamilton. Among visitors noticed here were Mr. and Mrs. R. Matthews and family of Windsor.

P. Mulder of Windsor visited at the home of Mr. G. Marits for the past two weeks. Mr. Mulder's sister, Miss K. Mulder, visited at the home of Mr. and Mrs. C. Nydam for the past couple of weeks.

Noticed among people visiting friends and relatives here were Mr. Wieringa, Sarnia, Mr. Klappers, Windsor, Mr. and Mrs. Isaacs, Chatham and Miss C. Luyt, Chatham.

### DOWN THE CENTRE

(Continued from Page 3)

Hill and possibly Schomberg and Sutton in action. Not much travelling, good competition and almost as good hockey as junior "C" with balanced opposition once you get out of the group. The players will benefit by it if the coaching system improves. Right now the present minor hockey players are at the turning point in their careers. If they don't improve they'll never go any place.

Well, if you're still feeling the heat think of Principal J. H. Knowles of Aurora high school down on Silver Lake in Lanark county. Latest piscatorial reports from "down east tell of "The Prince" gathering in three pike in seven casts within 30 minutes. Top one was close to six pounds, too.

J. C. Burns, of Markham, well known district bowler and president of the C.L.B.A., is in Chicago this week competing in the U.S. Lawn Bowling championships.

The Blind Toms, or in other words "The Umps," have been getting quite a razzing from the players and fans all year as the teams roar down the home stretch. We're a member of the brotherhood too, so we know how the second-guessers feel, although personally we can't complain.

It was a treat to hear George Haskett, the Newmarket junior mentor, say: "It is more difficult to train an umpire than ball players. I try to tell my kids 'leave the umpire alone.' It's a thankless job at the most and it's pretty tough having to take guff from players who in most cases don't know the rules or try to protect their own mistakes and errors by panning officials. Even the best make mistakes. But try and tell most players that." A mouthful, brother Haskett, that hits the nail on the head.

Mount Albert and Hope are in the midst of a hectic best of five series that promises to make a bit of local history as tenseness mounts. Hope took the first game 6-5 at the Mount, and then Red Mitchell and his pals knocked out the Mount Albert boys in a 9-1 verdict in the second encounter. The Mount Albert boys are favored to win by the pickers, but you can never tell.

It's much the same up north with Cookstown and Stroud all tied up in their set-to. For the first time, a definite county champion will be decided in Simcoe county with the recreation directors at Barrie and Midland (Ken Robinson and Gordy Stephens) in charge of a county-wide championship. All leagues send forward their winners with two from the south and two from the north meeting in the semi-finals. First Co-operative Packers at Barrie have donated a trophy. It's a top rate idea and could well be followed out in the banner county of York, excluding Toronto, of course.

Mike Miller of Maple has been named as secretary-treasurer of the North York Midget lacrosse circuit, now perking along on all fours, and President Charlie Rowntree of the senior circuit has prevailed upon yours truly to convene the group. The first four clubs will meet in the playoffs, and we hope to send the winners on into the O.L.A. playoffs. The brand of lacrosse being played at present is a bit too rugged but will smooth out once the youngsters learn to stick-handle better. The league has been functioning with new officials, and there'll be a tightening up on the penalties soon.

Somebody might be interested in doing a good turn and getting some reasonably priced publicity by donating a trophy for the league. You don't need to duck, however, when you see any of the league officials, it's purely a suggestion. The trophy for the senior circuit was donated by J. E. "Jack" Smith.

That brings to mind the fact that the North Yonge softball league has no trophy to compete for, and so far as we know, the girls' softball league has no cup in sight either. There's a lot of public relations work to be done that only the executive committee can handle.

Capt. Tom George, one time sports officer at Newmarket, on hand as trouble-shooter, leaves for Camp Borden next week to take over the duty of fire marshal at the camp. Tom doesn't expect to stay too long for he and his family will take up permanent residence in California once the wintry wind starts to blow. Guess he'll always have a warm spot in his heart for Newmarket and this week he's been doing some experting at the Hamilton track while on leave. Tom was the main cog behind the big July 1 celebration which seems likely to expire as a permanent attraction with the camp out of action.

Capt. Bob Kennedy, the softball impresario, has headed home to civilian life and the insurance field. Syd Bowman is still in Newmarket and if you want to see a choice bit of garden production, take a gander at the former camp victory garden

where Syd and his wife have toiled lovingly this summer. Syd is a bit undecided as to his plans for the future but like many others will doubtless remain in Newmarket if the right opportunity comes along.

Ted Sheridan, former Aurora high school athlete, and his attractive wife are visiting in the district as Ted enjoys a spot of furlough from the R.C.A.F. at Ottawa. He's enlisted in the permanent force and at present is still holding his rank of sergeant. He hasn't played any basketball or soccer since last winter and declares he's on the retired list. Ted is well suited to a service career and should go a long way.

Cycling, which has been in the doldrums in these parts except for Bob Benville's meets at Newmarket, is due for a big comeback this fall. Jack Offord is getting ready to bring the Aurora Cycling club out of moth balls and he and Benville will be collaborating on some fine racing cards. As a prelude to all this, the Aurora branch of the Canadian Legion is going to give the cyclists a start by staging one or two road race events in the morning on Labor Day, Sept. 2. Added to the giant sports card is a baseball game which will either pit Acton or a high class Toronto team against the Aurora juveniles. Bill Holloway is making the arrangements and Aurora kids will largely play a home and home series with Acton.

Larry Molyneux is again king of the district links. The popular ex-hockey star gunned his way to a six-up and five-to-play triumph over the veteran, Bill Boaks, and anybody that can measure "Sweet William" has to turn in some fine golf. Bill says Larry turned in the best 36 holes under pressure he has ever seen by an amateur locally and he wasn't whistling to praise his own game. A heavy hitter, Larry had his drives working straight as a die for most of the route and when he got in any trouble made some remarkable recoveries. In the semi-final round, he took the up-and-coming ex-acton, Bill Fry.

Scotty Mair, the way we get it, is going to be given really serious consideration by the Leafs this season and Conn Smythe right now is figuring on the former Aurora junior to loom large in Leafian plans. Hugh got a three-figure bonus cheque for his fine season's work from Tulsa Oilers. Gus Marker didn't exactly go empty-handed on his recent trip this way, signing George Valliere, who turned in some sweet hockey for Scarborough Rangers in the local junior B group last winter.

Whoops my dear! Williegut romped home in front on Tuesday last at Hamilton in the feature event, her fourth straight triumph for Owner Norman Heise. It was a photo finish. Incidentally, straight from the feed box comes news that last week Norman turned down \$10,000 in cold coin for the daughter of Bunty Lawless. John Stuart cooped the feature on Monday as the unpredictable, The Sheriff, came first in the \$1,500 feature.

Newmarket Vets won the big softball tournament at Mount Albert on Monday. Bill VanZant hurled 16 innings of winning ball and was awarded good support all the way. Here's the story: First round scores, R.C.A.F. 4, Zephyr 0; Vets 9, Aurora 4; Sutton 5, Mount Albert 3. Second round, Sutton 1, R.C.A.F. 0; Vets 5, R.C.A.F. 4. Final, Vets 6, Sutton 1. Hardest lucked team of the tournament was the Wanless Park R.C.A.F. entry which lost two close ones. In the game with Newmarket the gold and blue came from behind twice. Mickey Smith, besides playing smart ball all day, was the winner of the \$25 jackpot, but his mates haven't been able to pry it loose.

Just to make it interesting, somebody must have figured we were slimming away to a mere shadow for we won \$5 worth of Jimmy Sloss' choicest chops. Sunday reservations are being booked now and the line forms on the right. The weather was tops, the hard working committee headed by Howard Morton did a bang-up job and George Calver's coffers now jingle-jangle-jingle as the Legion boys at the Mount roll merrily along.

Bingo will be, on deck at Aurora arena next Tuesday. All that's needed to make it a success is a big crowd and many the matron has been casting longing eyes at those fine prizes. It's one form of amusement the whole family can participate in and judging by remarks a goodly crowd will be on hand.

Maple Young Men's club, which is responsible for building that de luxe outdoor lacrosse box and sponsoring the teams, has a big winter's program lined up and so it is holding a big jamboree on Wednesday, Aug. 21. Details yet to come but mark it down on your calendar and just to keep us square with Jim Grainger and all the folks down Richmond Hill way, let's remember the Lions Carnival on Wednesday, Aug. 14. The Hill Leos have done a big job in providing park facilities, sports equipment and curbing juvenile delinquency and a regular sports renaissance has taken place down south since they started to aid financially. Guess guys like that deserve our prechance and nobody will go short on fun either.

Kellogg's Bran Flakes are delicious. In a recent survey Canadian housewives voted Kellogg's 3 to 1 favourite over any other brand.

1. If you're really ill, see your doctor. But if you just feel dull and achey, you may only be suffering from incomplete elimination. Especially if you're over 35. How one simple change of diet help you keep fit!

2. Start now to eat Kellogg's Bran Flakes every morning. If you want to keep feeling fit the natural way, get more of the "bulk" your system needs by eating delicious, laxative Kellogg's Bran Flakes with Other Parts Of Wheat.

3. Just thirty days should prove to you how grand it is to feel alert, have the energy for all the things you'd like to do. You'll want to go on keeping fit the Kellogg way.

Bran Flakes, Pep, Corn Flakes, Bran, Rice Krispies, Krimles, All-Wheat are all made by Kellogg, the greatest name in cereals.

# Newmarket Teams Have Good Season On Ball Diamonds

By ORVILLE GANTON

Newmarket ball clubs are enjoying a good season. With the exception of the midgets, all have a good chance of reaching the Ontario play-offs. Large crowds wend their way to the ball park three or four times a week. Inexpensive and wholesome for players and fans alike, it is the most popular and major phase of our recreation program.

Girls' softball is not quite as interesting as last year because with the exception of Cedar Grove, the league is not providing our damsels with strong enough competition. However, if Chuck VanZant's gals can get by Cedar Grove and into the Ontario playdowns, the fans will see some high class girls' ball. Chuck has a good intermediate squad in hitting and on the field and with plenty of experience. How his pitching staff will stack up against outside competition batters is the question. In any event the team that

beats them will have no cake-walk.

For a newly formed league, the North Yonge men's league is producing an excellent brand of ball. Our entry, Newmarket Vets, well tuned by a long, successful series of exhibition games, has won the first half of the schedule and looks like the team to beat for the bunting. The team has won 22 out of 27 games this season and is composed entirely of veterans who have spent their last four years pitching hand grenades, flying "kites" or brooding in P.O.W. camps. They are a smart club defensively. "Havana" McDonald has rounded out a hustling infield. Sparked by the veteran, Mickey Smith, at first, the Evans boys and that up and coming hot corner, "Scotty" Mair, at the hot corner, it is as tight as a drum. Bill VanZant has developed into a hurler of senior calibre. Dobbie can do a neat job on the mound, too, when required. Gibney, Stepak and Legge cover plenty of territory in the outfield. In Dillman, McInnes and Mosier, Mac has reserve strength which does not weaken the team when injected into the line-up. They should do well in the O.A.S.A. play-offs which commence the middle of August.

Hard working George Haskett's junior hardballers have taken the 'York Lions' league laurels again. The majority of his squad are eligible for juvenile. Jimmy Rutledge, his stellar young shortstop, is within the midget age limit and Aurora is clamoring for his services for their midget team.

The O.B.A. junior B series in which our lads are entered does not include city teams. We also have the option of using any junior players from Aurora or Richmond Hill. Even with these advantages, our youngsters may find the skidding pretty tough. O.B.A. minor champions are usually in their last year. However, we shall see what we shall see. Our teams will all do well, I am sure.

**LONGER MOTOR LIFE**

THAT'S exactly why Peerless Motor Oil, since "It's Alloyed", is more than a GOOD lubricant. It's the BEST!

Developed after intensive war research, this remarkable "alloying" process builds up the resistance of this superior lubricant to heat and pressure. This means it stays oil longer, giving extra protection.

For better performance at lower cost, you, too, should switch to Peerless Motor Oil. Unexcelled products, together with the friendly, efficient service of your B-A dealer, makes B-A the first choice with most motorists.

## News On Recreation

By E. R. MATHER

Hours: 3:30-5:30, firehall, phone 695.

At the auction sale at the camp, the recreation council purchased a great deal of sports equipment. This was bought for the council's use as well as other organizations which might want to borrow it. The bulk of the equipment is hockey gear which will be used later on; much of it, however, is usable right at the moment and any organization (or individuals) who wish to are welcome to the use of it.

The recreation council hopes to build up a supply of sports and recreation gear that will be able to supply almost any activity in town. If any persons have anything in this line that they no longer have a use for we will be glad to receive it and try and get some more life out of it. Right now, for instance, Mickey Smith at the Lions' Park and ourselves with the supplementary playgrounds, could use about three victrolas, either as a contribution or a loan. Any old records with songs or folk dances will be exceedingly welcome also.

Horseshoes. The Davis Leather Co. has put in a couple of pits, which get a thorough workout every day. Others may be interested in getting in a few games. The school board has kindly given permission to put some pitches in on the school grounds and if there is a desire, the recreation council will be glad to help organize and set up the machinery, and material for several informal clubs or groups. Drop in at the council chambers any time during my office hours and let us know. It's a good pastime for the fall evenings, but the time to get organized is now.

Bowling. Many of the younger people have expressed an interest in lawn bowling and now is the time for them to get started. Jack Luck is going to be present at the bowling club on Saturday, Aug. 10, at 11:30 a.m. and on Tuesday, Aug. 13, at 7 p.m. to give instruction to all those who are interested. He will be assisted by Don Brown of the youth committee. The bowling club is granting the use of their facilities, as well as bowls. It is open to all young people, though Mr. Luck recommends that they should be large enough to be able to hold the bowl comfortably.

Tennis. The classes for young people in this sport are still going on. Mr. and Mrs. Keith Davis are on the courts on Saturday mornings giving free instruction. Baseball, junior. This team is now representing the North York Lions' league in the first round of the Ontario Baseball Association play-offs. The first game will be in Stouffville, Aug. 17, at 5:30 p.m. The recreation council sent a Gray Coach bus to Aurora for the final game for both players and spectators. Likewise, we feel we should be able to fill another bus for this next game; however, we would like to know ahead of time, so let

It was peck-peck here and peck-peck there but the Newmarket kids kept pecking away for a 4-4 tie in eight innings with the fast moving Cunningham and Hill lasses of Toronto at the Stuart Scott school grounds last evening.

These Toronto girls play in the intermediate division of the Sunnyside league and those who missed seeing our satin-clad kids play ball this season are throwing away the golden egg for an evening of good entertainment. The girls are playing good ball under the eagle eye of Coach Charlie VanZant, and Manager Frank Courtney. Orville Hisey, Victor Giovannelli and Ada Rose, the other members of the executive, should be proud to represent such a team.

Young Pee-wee MacInnis still holds the top rung with the fans as an up and coming star. She is Johnny-on-the-spot for fly balls and skips around the bases as though daddy was after her with a paddle, but always manages to come out on top. She can bunt, hit and is always poison to any pitcher who faces her.

Mona Dean packs a neat wallop and landed square and fair for a three-bagger, pulling what looked like a defeat into a two-run gain in the seventh. She catches like an old timer and can peg to any base to keep runners on the spot.

Margaret Hisey has developed into a good twirler, controlling the pill well and slipping into a neat slow ball that catches most batters off guard.

Donna McKenzie, relieving on first, for Margaret VanZant, played a wonderful game, nipping off what looked like wild pegs.

Lois Blight at short, a second-year prospect, is a natural, picking up hot grounders from well out. There were no errors for either.

Newmarket line-up: Mona Dean, Margaret Hisey, Donna McKenzie, Phyllis Osborne, Lois Blight, Mary Osborne, Lois Manning, Mary Ellen MacInnis, Edna McGrath.

either George Haskett or myself know soon. Fare will probably be between 50 and 75 cents.

Baseball, midget. Jack Donaldson's Dodgers, in the town league for boys 16 and under, has folded because of cadet corps. However, the remaining members of his team have gone to strengthen Laurie Thoms' Tigers, who need it after the last game with Don Gibson's Cardinals. There will be a four-game series between the two last named teams, games being played on Thursday evenings at 7 p.m. and practices for both teams being held on Tuesday evenings.

Our lost and found department of the swimming program is progressing very favorably—bathing suits, towels and sweaters can be obtained at my office.

**COUPLE ARE WED AT DOUBLE-RING RITES**

The marriage of Alice Effie, only daughter of Mr. and Mrs. Jas. B. Brown, Berwyn, Alta., and Harold Davidson Ghent, Newmarket, youngest son of Mr. John Ghent and the late Mrs. Ghent, Mount Forest, took place in Toronto on Friday, July 26, at the home of the groom's brother-in-law, Rev. Ian Macintyre, who officiated at the double-ring ceremony.

The bride was becomingly attired in a figured silk jersey suit with white accessories and wore a corsage of red roses and bouvardia. Mrs. John Armstrong, Toronto, played the wedding music and during the signing of the register Mr. Armstrong sang A Wedding Hymn. Supper was served on the lawn to guests coming from Mount Forest, Newmarket, Brockville and Toronto.

Later the bridal couple left on a motor trip through northern Ontario and Quebec. On their return they will live in Newmarket where the groom is manager of the co-operative store.

**JACK LLOYD IS WED IN TORONTO**

Lorraine Mildred Laine, daughter of H. J. Laine, Fort William, and Jack Lloyd, son of Mr. and Mrs. C. H. Lloyd, Buffalo, N.Y., formerly of Newmarket, were united in marriage August 1 at the home of Rev. A. Davidson, Toronto, who performed the ceremony.

The bride wore a light gray

suit for the occasion with white accessories and a corsage of deep red roses. Mrs. Jessie Rogers attended the bride, attired in a brown suit ensemble with corsage of bronze roses and white accessories. The best man was Graydon Rogers.

Afterwards guests were received at the home of Mrs. Verne Playter, Toronto, sister of the groom. The groom's mother had chosen a soft blue costume and corsage of mixed roses. The couple will make their home at Truro, N.S.

## MARRY SATURDAY AT MOUNT ALBERT

Mount Albert United church was the scene of a pretty wedding on Saturday when Rev. Fox, Burke's Falls, united in marriage Beatrice Muriel, daughter of Mr. and Mrs. Milton Gibney, Holt, to Kenneth Alan, son of Mr. and Mrs. Alan Shaw, Sharon, in a setting of shasta daisies, hydrangea and pink phlox.

The bride, given in marriage by her father, was gownned in white sheer with fitted bodice and full skirt and carried red roses. Her fingertip veil fell from a headdress of white satin and flowers.

Mrs. Donald Thompson, sister of the bride, as matron of honor, was gownned in pink sheer fashioned like that of the bride's, and blue net chapel veil.

The bridesmaids, Miss Audrey Gibney, Miss Marion Stewart and Miss Doris Wagg, wore blue sheer with pink chapel veils. All the attendants carried nosegays of pink carnations and roses.

Before the ceremony Miss Irene Harper sang O Perfect Love and during the signing of the register, I'll Walk Beside You. She was accompanied by Mrs. J. O. Little, cousin of the bride, at the organ.

The groom was attended by his brother, Mr. Richard Shaw. Mr. Robert Shaw and Mr. Lorrie Gibney acted as ushers.

Following the ceremony a reception was held on the lawn at the residence of the bride's par-

ents, where Mrs. Gibney received wearing a dress of turquoise silk crepe with white accessories and corsage of pink carnations and roses. Mrs. Shaw assisted wearing a grey and fuchsia ensemble with black accessories and a corsage of red roses.

For travelling to Muskoka, the bride had chosen a grey dress with red shirley coat and black plastic accessories.

## QUEENSVILLE

Last Friday night, the young people of Queensville Baptist church heard Rev. J. McLeod, a former pastor of this church who is the special speaker at the tent meetings at Longford Pegg's Park. After the service, the young people met at the parsonage for a social hour.

On Tuesday afternoon the Women's Missionary Fellowship met at the home of Mrs. J. Alleyne with Miss Barbara Deane in charge. Mrs. Day brought a brief message on the life of Dorcas. The ladies completed another quilt for the French relief box. All used clothing is greatly needed and is appreciated for this project.
